Hi Dave and Laurie,

I wanted to share with you two documents that Erica and I discussed today. The *.pdf describes concerns expressed by the Squaxin Island Tribe with respect to Ecology's Non-point Source program.

Also, Erica was kind enough to share their public notice comments organized in a spreadsheet.

I will be preparing a draft consultation agenda for your review within the next week.

Thanks and have a great weekend,

Chris

Government Consultation

Hi Erica,

We would be happy to, welcome Scott!

Have a great weekend,

Chris

Hi Chris,

Could you add Scott Steltzner, our fish biologist, to this list?

Scott Steltzner ssteltzner@squaxin.us

Erica

Subject: Deschutes River Total Maximum Daily Load: Invitation for Government-to-Government Consultation

When: Tuesday, May 17, 2016 8:30 AM-12:00 PM (UTC-08:00) Pacific Time (US & Canada).
Where: TBD in Lacey, WA

Good Afternoon,

I hope this note finds each of you doing well and anticipating a relaxing weekend.

In reviewing schedules, it appears May 17th is the earliest and best-available date to begin our consultation regarding the Deschutes Watershed Total Maximum Daily Load study. Please advise should this invitation represent any critical schedule conflicts. According to Erica's request, we are requesting the attendance of Washington Department of Ecology representatives.

I will coordinate with both Lydia and Lucy to identify an appropriate meeting location in the Lacey area. A proposed consultation structure and agenda will follow in the coming weeks.

Thanks in advance for your time, and, for sharing your ideas. If you have any questions or thoughts, please let me know.

Respectfully,

Chris
